

MEMORANDUM

January 6, 1966

To: Dance Club Chairman and Representative  
Miami Valley Dance Council

From: Clarence L. Thomas, Supervisor Special  
Activities

Subject: Council meeting and other information

Happy New Year to you and the members of the club you represent. Many thanks to you and all the dancers in the area for your cooperation in making "1965" an outstanding year for "Dance Activity" in the Miami Valley. The high level of interest and your support of the Miami Valley Dance Council justifies the re-conditioning of the Michael Solomon Pavilion for year-round use.

The 1965 Square Dance Class, under the leadership of Don Zents from Lima, Ohio, was an outstanding success with forty six (46) couples participating. This class was a success because of the skillful instructor and the individual help from the dancers in promoting it.

Hats off to Mrs. Margaret "Peg" Tulipan for the excellent job as Editor of the Miami Valley Dance News. This very busy lady has done a tremendous job. Many, many thanks "Peg" for helping your dancing friends.

Thanks to Mrs. Rose Graziano and Roland J. Mock, delegate to the State Federation, for representing the Miami Valley Dance Council at the quarterly state meetings. I think they have a perfect attendance record.

Please ask your reporter to mail the news to me at the Bureau of Recreation -  
DEADLINE WEDNESDAY JANUARY 12, 1966.

It is the responsibility of groups using the Michael Solomon Pavilion to see that the lights are turned out, heat turned back to sixty degrees and lock all doors except the front door. The watchman's schedule has been changed and is not available to handle these tasks. Groups using the Michael Solomon Pavilion are requested to telephone the attendance to the office at their earliest convenience.

With 1965 behind us - we must accept the challenge of 1966.

1. Continue our interest and support of dance activities year-round.
2. Cooperate in the promotion of summer playground square dances as a means of developing interest and securing new dancers.
3. Put forth every possible effort to conduct a successful square, round and folk dance class.
