

20 November 1979

Dear Tish and Gordon:

We received your letter and tape on wheel chair dancing in late October and appreciate the information very much. Since then we have been working with a local caller and a college here in Dayton trying to get a wheel chair club started.

At the last meeting of the Miami Valley Dance Council, which represents 37 local clubs, approval was given for the sponsorship and financial support of a Wheel Chair Club.

Last evening we took 3 squares of area club dancers and went to Wright State University and met with eleven wheel chair students and their advisors. The caller explained a little about what we were trying to do, then he squared them up and proceeded to teach them some of the first basics. For a first time, they did great. Their advisor said she thought they enjoyed that more than anything they had done before.

The students take tests next week and then go home for Christmas Hollidays, so our next get together is scheduled for early January.

It appears we are on our way toward establishment of a Wheel Chair Club and we want to thank you very much for your guidance and help.

Happy Dancing

Walt & Dottie Wilson
President
Miami Valley Dance Council

PS: Please use this check to replace tapes or anyother way you want to promote Wheel Chair Dancing. Thanks WW
