

4 December 1993

Dear Club President,

It has been an eventful year. Some of it good; some of it bad. As the year ends, I want to express to you and your Club wishes for a happy and joyous Holiday Season. I look forward to next year being better than this year for all of us.

To that end, I believe now is the time for a meeting to look at the future; the future of the individual Clubs as well as the Miami Valley Dance Council itself.

In the past year, we have lost two square dance clubs and added one square dance and one round dance club. Rumors are already going around that two more square dance clubs may hold their last dance in 1994.

All Club Presidents and other Officers as well as interested dancers are invited to this meeting. It will be held at the Michael Solomon Pavillion on Saturday, January 8, 1994 @ 1:30 pm. How many Clubs do we need to loose in the Valley before dancers take notice? What about the Council's future? Where should we be going and can we help the Clubs so that we will not loose a Club without at least looking to save it? Be prepared to be open in your discussions, it is important to all of us.

Or, is it true that we just "don't care"? If that is the case, we can at least plan our own funeral.

Sincerely,

*David & Susan*
