Write Up

We started dancing in 1999 at the Lathem center with Sam Dunn. The next years we worked as kitchen chair person and got to know many of the new dancers and angels as they helped us. The next job was vice-president for 2 years and then moved on to the board members. The years went by we served as board members several times and co-presidents. We moved along in the years and as people were not wanting to help we jumped in as vice-presidents several more times. We were faced with some medical issues over the years and Mary is unable to dance due to a mild stroke. She does a great job of tasting the pies on dance night and has not found a bad one yet. Dave suffered a major hearing loss in the past several years, but has since gotten hearing aids and is taking lessons to refresh this year. Prior to this year I would guess what the caller would call and hope to move in the right steps. I have done some amateur calling in the years gone by working with Jason Raleigh but with hearing gone had to quit. I still have all of my calling equipment and have furnished it to several callers when they needed it because of break downs. Mary has said we saved several dances because we went home to get speakers or turntables. We have always been there when help was needed. We also have helped with our canned food dance of the years. We worked the white-elephant sales and helped to get donations. We would like to thank the Kittyhawks for selecting us for honor couple this year.
